Company Announcement

08 November 2010

On behalf of the Board of Directors of DWS Advanced Business Solutions Ltd (DWS), it is with pleasure that I announce the appointment of Mr Gary Ebeyan to the Board of DWS as an Independent Non-executive Director effective immediately.

Gary is a seasoned professional with over 25 years experience in the IT industry. Following his graduation from the University of Melbourne with a Bachelor of Science degree, Gary established his first IT business at the age of 23, developing software products for the building industry.

Gary subsequently established Expert Information Services focusing on the back of the growing IT Services market with which Gary was recognised by "The Age/D&B Awards" with Expert Information Services being awarded 'Best Victorian IT Business' in 2001 and 2002, and "Best Overall Victorian Business" in 2001. Under his leadership the company also achieved ISO9001/2000 and CMMI Level 4 accreditation.

In recognition of his achievements and personal contribution to Australian business, Gary was awarded the Centenary Medal for services to business by the Prime Minister and the Governor General.

In 2004, Gary became the CEO of Infosys Australia following the acquisition of Expert Information Services by the global offshore outsourcing giant, Infosys Technologies Limited. Under Gary's leadership, Infosys Australia grew to over 2500 staff servicing the Australian market with consolidated revenues reaching well over \$250M. Gary left Infosys in 2008 to pursue other interests. His presence on the Board of DWS will be of immense value and his experience and insights in the IT sector will no doubt prove beneficial to the entire DWS Group.

Gary will further contribute to DWS by taking on a part-time consulting role focusing on corporate development, which will see him become involved in the development and implementation of important strategic initiatives across the DWS Group.

Yours faithfully

Danny Wallis
